

INDUSTRY PARTICIPATION IN SKILL COUNCIL FOR GREEN JOBS

We note that the Skill Council for Green Jobs was set up under the aegis of the Ministry of Skill Development & Entrepreneurship (MSDE), Government of India, in October 2015 and is being promoted by the Ministry of New and Renewable Energy (MNRE) and Confederation of Indian Industry (CII). Considering its immediate need and long-term impact, our organization supports this initiative and would like to be an Industry Associate of Skill Council for Green Jobs (SCGJ).

We understand that SCGJ's industry-led skilling programmes are designed to include advanced technological interventions that are harmonised with industry standards and requirements. As part of these efforts, SCGJ partners with Government, key national institutions and industry to leverage their expertise and strengths in various subsectors. SCGJ contributes to the overall environmental welfare and seeks to enforce Government regulations, support education, and increase public influence for the benefit of the environment.

We are pleased to participate in the national effort towards skill development mission.
